## **GOSPEL OF JESUS CHRIST TO BE PREACHED AT GOLDEN GLOBE AWARDS CEREMONY, BEVERLY HILTON HOTEL, (9876 WILSHIRE BLVD., BEVERLY HILLS, CA); JANUARY 8<sup>th</sup>, FROM 3:00 - 4:30 PM**

The Hollywood Foreign Press Association desires to break the bands of God's standards and judgments, because their human notions are in stark disagreement with God's. Born of a desire to escape and divert attention from the horrors of World War II, and to spread the hedonism of America to other nations, a key component of the group's mission is to *"establish favorable relations and cultural ties*

*between foreign countries and the United States of America by the dissemination of information concerning the American culture and traditions as depicted in motion pictures and television ...".*

The people running this group are a representative sample of the media that God hates, because they diligently practice the one-two punch of perversion: (1) they promote sin, in the many forms that the people of America practice it – sodomy, adultery (divorce+remarriage is the boring norm), abortion, idolatry and same-sex marriage. (2) They artfully villify those who would declare the clear standards of God and warn of the dangers of embracing sin, thereby displeasing and angering the very God who holds your breath of life in His hands. They do that with active malice and in vile self interest.

And so, Lord willing, WBC will fly to warn all those in attendance at the 2017 Golden Globe Awards ceremony – and all those clamoring to make gods of the filthy humans being idolized there – that they must repent and with even more diligence work to know, love and obey the King of Eternity. And we encourage a new mission statement for HPFA (Golden Globes): *"To counter the deep evil we have committed against our neighbors for over 50 years, we will use the time, talent, funds and resources available to us to make sin – which brings eternal death – exceeding sinful!"*. Imagine that! Hop on it, Jimmy Fallon!

## **GOD LOVES GRATEFUL, HUMBLE OBEDIENCE!**
